

Everyone Reading Illinois

SUCCESS FOR ALL WITH DYSLEXIA

2024 EVERYONE READING ILLINOIS MEMBERSHIP KICKOFF

Dyslexia, the Reading Brain, & Implications for Practice with Dr. Maryanne Wolf

This presentation will provide an overview of how research in cognitive neuroscience on the reading brain has important insights for an understanding of dyslexia's heterogeneity and practical implications for how we teach every struggling reader, multi-lingual and bidialectal readers, and indeed every young reader. A newly designed intervention for dyslexia will be used as a model for what every intervention should include.

January 17, 2024 | FREE for Members
7:00 p.m. CT | \$20 For Non-members
Virtual | Will *NOT* be recorded
